

My daughter had her 21st birthday dinner at your venue on Sunday evening. The evening was enjoyed by all guests. The food was superb and the service was outstanding. I did not have to worry about drinks not being refilled or the timing of each course. I was very happy with the food and beverage service.

I would also like to thank the young woman who assisted in the organisation of the dinner from the date I made the booking (12 February 2013) when she discussed various options with me to the day and evening of the dinner. I dropped off a cake at 8am on Sunday morning and she was there until after 9pm on Sunday evening. Her attentiveness to detail on the evening made the night a stress free and enjoyable experience as she ensured that I was kept informed of what would be happening next at all times.

Kind regards

Christine Kannis
