

Hello there.

Firstly, my wife and I with our young baby, had lunch today in zafferano, and enjoyed it very much (again. It is the second time this month). The food was outstanding and the service amazing. We would like to thank u for making our wedding anniversary so memorable.

But as great as it was, I did forget to give a well deserved tip, and I find this highly regrettable. Please be assured that next time we come in, which we will soon, I will rectify this mistake. Thank u again for a great dining experience.

Sincerely

Clint
