

Good afternoon Mark

Katie and I greatly appreciated the wonderful evening we had on Saturday last

It was so lovely to be back at Zafferano's ; seeing you again and having such a wonderful table with the river and lights view as you promised.

We both thought our seafood plates were so well prepared and presented and It was a superb evening finished off with that lovely Drambuie !! The three hours there certainly did not drag out and we had a great time, and not having to drive was also so enjoyable as we used taxi's on this occasion.

I hope that things keep going well for you and Christmas business will be good as well .

Many many thanks again and take care

See you in the future too.

Kindest regards

Katie and David
