

To whom it may concern,

I would like to wish my congratulations to Ross (Rosco) and Chae" (I hope I have spelled your name correctly Chae")! for outstanding service

when my family and I dined at Zafferano on Monday 27th April, 2015.

The occasion was my Mother's 75th Birthday.

The menu was amazing. The food was incredible. The portion sizes were generous and great value for money and Chae's service was attentive and the way he described the

"specials" of the day, made the dishes sound delectable.

What was amazing was to see Ross come out from behind the kitchen to deliver our meals to the table.

I have dined at Michelin and 3 Chef hat rated restaurants from Sydney and across the globe, and never have I seen this personalised service before.

Congratulations Ross. By coming out to visit your diners gave your dishes a personal touch. I immediately know they were made with pride.

Thank you again for a wonderful dining experience and we will definitely return in the future.

Yours sincerely,

Katrina Myers
